FREESTYLE SKILLS REQUIRED

Freestyle Terrain may contain jumps, hits, ramps, embankments, fun boxes, jibs, rails, half pipes, quarter pipes, snowcross, Freestyle bumps terrain and other constructed or natural terrain features. Freestyle skill involves maintaining control on the ground and in the air. Prior to using Freestyle Terrain, it is your responsibility to familiarize yourself with all instructions and warnings and to follow the Alpine Responsibility Code.

- The features vary in size and difficulty and change constantly due to snow conditions, weather, usage, modifications, grooming and time of day. It is your responsibility to inspect these features before use and throughout the day.
- You control the degree of risk you will encounter in using these features, both on the ground and in the air. Do not attempt these features unless you have sufficient ability and experience to do so safely.
- Helmets are mandatory.
- Only one person should use a feature at a time. Wait your turn and call your start.
- Do not jump blindly and use a spot when necessary. LOOK BEFORE YOU LEAP!! Always clear the landing area quickly.
- Always ride or ski in control and within your ability level. Individual features are closed for a reason. Do not enter the Freestyle Terrain or use features when closed.

Freestyle Terrain use, like all skiing and snowboarding, exposes you to the risk of serious injury. AIRBORNE MANOEUVRES INCREASE THE RISK. INVERTED AERIALS SUBSTANTIALLY INCREASE THE RISK OF SERIOUS INJURY.

When using the freestyle terrain, you assume the risk of any injury that may occur. The ski area operator's liability for all injury or loss is excluded by the terms and conditions on your ticket or season pass release of liability.
